A Woman's Back

Has many aches and pains caused by weaknesses and falling, or other displacement, of the pelvic organs. Other symptoms of female weakness are frequent headache, dizziness, imaginary specks or dark spots floating before the eyes, gnawing sensation in stomach, dragging or bearing down in lower abdominal or pelvic region, disagreeable drains from pelvic organs, faint spells with general weakness.

If any considerable number of the above symptoms are present there is no remedy that will give quicker relief or a more permanent cure than Dr. Pierce's Favorite Prescription. It has a record of over forty years of cures. It is the most potent invigorating tonic and strengthening nervine known to medical science. It is made of the glyceric extracts of native medicinal roots found in our forests and contains not a drop of alcohol or harmful, or habit-forming drugs. Its ingredients are all printed on the bottle-wrapper and attested under oath as correct.

Every ingredient entering into "Favorite Prescription" has the written endorsement of the most eminent medical writers of all the several schools of practice—more valuable than any amount of non-professional testimonials—though the latter are not lacking, having been contributed voluntarily by grateful patients in numbers to exceed the endorsements given to any other medicine extant for the cure of woman's ills.

You cannot afford to accept any medicine of unknown composition as a substitute for this well proven remedy OF KNOWN COMPOSITION, even though the dealer may make a little more profit thereby. *Your* interest in regaining health is paramount to any selfish interest *of his* and it is an insult to your intelligence for him to try to palm off upon you a substitute. You know what you want and it is his business to supply the article called for.

Dr. Pierce's Pleasant Pellets are the original "Little Liver Pills" first put up by old Dr. Pierce over forty years ago, much imitated but never equaled. Little sugar-coated granules—easy to take as candy.

Weak Women

To weak and ailing women, there is at least one way to help. But with that way, two treatments, must be combined. One is local, one is constitutional, but both are important, both essential.

Dr. Shoop's Night Cure is the Local.

Dr. Shoop's Restorative, the Constitutional.

The former—Dr. Shoop's Night Cure—is a topical mucous membrane suppository remedy, while Dr. Shoop's Restorative is wholly an internal treatment. The Restorative reaches throughout the entire system, seeking the repair of all nerve, all tissue, and all blood ailments.

The "Night Cure", as its name implies, does its work while you sleep. It soothes sore and inflamed mucous surfaces, heals local weaknesses and discharges, while the Restorative, eases nervous excitement, gives renewed vigor and ambition, builds up wasted tissues, bringing about renewed strength, vigor, and energy. Take Dr. Shoop's Restorative—Tablets or Liquid—as a general tonic to the system. For positive local help, use as well

MISS SCHENCK.

Several years ago, it is reported, while Miss Florence Schenck was yet a school girl and wore dresses above her ankles, she became much infatuated with an actor at one of Norfolk's popular-priced theaters, and during the week he played there rumors were current to the effect that she would become his bride. This actor, whose name no one in Norfolk remembers, showered presents, which her father, Dr. Powhatan Schenck, forced her to return.

As soon as her father discovered how things were going and his daughter was apt to become a center of talk in the city, it is alleged, he forbade her to have anything to do with her actor lover. She had just received a large bunch of American Beauties from the matinee idol, when her father reprimanded her.

After he had left she took the roses and went to a deserted schoolhouse. She had gotten from some unknown source a small bottle of laudanum and took a large quantity of poison, then, catching up the roses, fell prone upon the floor. The girl was discovered in an unconscious condition by one of the teachers of the school, who had happened to be detained at the place, and she immediately summoned her father, who in a short while, restored his daughter.

Miss Schenck was quite angry with her father for restoring her, and declared that the actor was the only man she had ever loved and ever would love, and as she could not live without him life was not worth living.

Alfred G. Vanderbilt, it has been learned, has come to the aid of Florence Schenck, whom Charles H. Wilson, the trainer of the Vanderbilt horses, abandoned.

On hearing of the scandal which had broken out upon the arrival of Mr. Wilson and Miss Schenck, when the horseman publicly proclaimed that the girl was not his wife, and that he would not longer contribute a cent to her support, Mr. Vanderbilt is said to have cabled her from England a good round sum.

With it, also, came instructions that she not only should be provided for, but that every means be taken to keep the young Virginia beauty out of the limelight, so that the scandal concerning one of his most trusted employes might be hushed up as soon as possible.

Although declining to say whether or not Mr. Vanderbilt has befriended her, Miss Schenck does admit that she had received financial aid from a person of unlimited means.

SEVERE THUNDER STORM.

A severe thunderstorm, accompanied by high wind, swept over portions of Washington county, Md., about three o'clock yesterday afternoon. For nearly a half hour the rain fell in torrents and the wind blew a gale. Several barns were struck by lightning, one was destroyed by fire, many barns were unroofed and one man was struck by lightning and killed.

The storm was, apparently, the worst in the vicinity of Breathedaville, along the Baltimore and Ohio Railroad, four miles from Hagerstown. There, Charleton Werking, employed on the Delemere farm, owned by D. H. Staley, of Hagerstown, was riding a horse from the harvest field when a bolt of lightning descended and Werking and the horse were both instantly killed. Werking was about 40 years old and married. The lightning and wind did considerable damage.

In the section through which the storm swept the wheat, corn and other crops are prostrated, trees are uprooted and many fences and small buildings blown down.

Another heavy rainstorm prevailed at Hargerstown last night, but it is not believed any serious damage resulted.

A DENIAL

It was stated at the Navy Department yesterday that not one pound of Cardiff coal had been ordered in Wales, nor had any steps been taken to procure any, even to the extent of making inquiry as to cost, freight, etc. As to the coal supply, for the Philippines, it is now about 70,000 tons less than the normal supply, and while shipments are being made from this country from time to time to replenish the Manila coal stores, they are by no means equal in quantity to the usual shipments. The departments is now loading at Baltimore a British steamship, the Ocean Prince, with about 5,000 or 6,000 tons for shipment to Yokohama, Japan, where a small supply is kept on hand for the use of American naval vessels on the Asiatic station in their northern cruises.

AMPLY SUFFICIENT.

"Oh, George!" exclaimed Mrs. De Collitay, "all the trunks are packed and shipped and I forgot to put in my bathing suit."

"Never mind, dear," replied her husband; "fortunately I've sworn off smoking."

"Eh? What has that to do with it?"

"Why, you can pack your bathing suit in my cigar case."

MORTALITY AMONG NEGROES.

The death rate among the negro population in nine cities in Virginia during the month of May last far exceeded that of the whites in the same places, according to the state health bulletin just issued. The nine cities contain a population of 197,015 whites and 124,940 negroes, the deaths among the former being only 254, as against 315 among the latter. In other words, the negro population in the cities mentioned is only about five-eighth of that of the whites, while the deaths among the negroes are nearly one-fourth larger than that of the whites.

The Doctor Away from Home when Most Needed.

People are often very much disappointed to find that their family physician is away from home when they most need his services. Diseases like cramp colic and cholera morbus require prompt treatment, and have in many instances proven fatal before medicine could be procured or a physician summoned. The right way is to keep at hand a bottle of Chamberlain's Colic, Cholera and Dirrahoea Remedy. No physician can prescribe a better medicine for these diseases. By having it in the house you escape much pain and suffering and all risk. Buy it now; it may save life. For sale by W. F. Creighton & Co. and Gibson & Timberman.

I will mail you free, to prove merit, samples of my Dr. Shoop's Restorative, and my Book on either Dyspepsia, The Heart, or The Kidneys. Trouble of the Stomach, Heart or Kidneys, are merely symptoms of a deeper ailment. Don't make the common error of treating symptoms only. Symptom treatment is treating the result of your ailment, and not the cause. Weak Stomach nerves—the inside nerves—means Stomach weakness, always. And the Heart, and Kidneys, as well, have their controlling or inside nerves. Weaken these nerves, and you inevitably have weak vital organs. Here is where Dr. Shoop's Restorative has made its fame. No other remedy even claims to treat the "inside nerves." Also for bloating, biliousness, bad breath or complexion, use Dr. Shoop's Restorative. Write me today for sample and free Book. Dr. Shoop, Racine, Wis. The Restorative sold by E. S. Leadbeater & Sons.

Cured of Lung Trouble.

"It is now eleven years since I had a narrow escape from consumption," writes C. O. Floyd, a leading business man of Kershaw, S. C. "I had run down in weight to 135 pounds, and coughing was constant, both by day and by night. Finally I began taking Dr. King's New Discovery, and continued this for about six months, when my cough and lung trouble were entirely gone and I was restored to my normal weight, 170 pounds." Thousands of persons are healed every year. Guaranteed at E. S. Leadbeater & Son's drug store.

Alexandria Gazette
SIC SEMPER TYRANNIS
AND VIRGINIA ADVERTISER

FRIDAY EVENING, JULY 12 1907.

PRESIDENT ROOSEVELT is credited with having under consideration a new plan for attaining federal control over railroads. He is said to be contemplating a recommendation to Congress for such legislation as will enable the government to become a stockholder in some of the large railroads, with the view to having a representative placed on each board of directors. By this process the government would become thoroughly informed as to the inside facts of every railroad and be in position to force such reforms as it might desire to make. Nothing is known except that the proposition has been laid before the President and that he is giving it careful consideration. It has been reported to him as a step in the direction of accomplishing reforms in the railroad business that could not be secured in any other way. The most serious objection to it is that it is really the first step toward government ownership, and that it was the step taken by Germany before that country went into nationalization of railroad properties. After having gotten this sort of a foothold in the railroads, Germany went a step further, bought a trunk line, reduced rates and clubbed all the other roads into submitting, the ultimate result being government ownership.

LIEUT. COL. AYRES, who is charged with criticising the Secretary of War in connection with Mrs. Ayres being requested to leave the West Point reservation because of a controversy growing out of the action of officers of the military academy directing the cadets to take their coats from young women to whom they had been loaned during a storm, has been ordered before a retiring board for examination, physically and mentally, with a view of ascertaining whether he is eligible for retirement. The order reads that by direction of the President a retiring board is to meet in New York on next Wednesday, July 17, and at that time Col. Ayres is to report for examination. All of this has been brought about by Col. Ayres declaring that he would "stand by" his wife who he believes had been treated discourteously and it is feared in army circles that a court martial would bring about another scandal in the army. This is a small business, but Col. Ayres is not the first man who has been made a scapegoat of—neither will he be the last.

IN AN interview at Carthage, Mo., yesterday evening, Mr. W. J. Bryan said:

Japan does not want to make war on the United States. Of course, there is a lot jingoism in this Japanese war talk and the hurrying of a fleet of war ships to the Pacific coast. To my mind, the object is not to repel an expected attack of the Japanese, but that the talk is being done by some alleged statesmen at Washington to influence Congress to make a big naval extension appropriation. When I say Japan does not want war, I do so advisedly, for when I was in Japan I talked with the leading men of all walks of life, and I found only expressions of friendship for our country."

This shows that Mr. Bryan, like other people, can see through a millstone when it has a hole in it. There is nothing plainer than that the jingoes of this country are trying to bring about a war with Japan for what there is in it—for them.

THE federal court has decided against the two-cent railroad fare in Virginia as promulgated by the State Corporation Commission. Of course, the people are disappointed, as they are when they fail to get anything at a lower rate than that which they have been paying; but, after all, has the State any more right to say to men who build a railroad what they shall charge for fare than it has to tell a farmer at what price to sell his wheat?

From Washington.

[Correspondende of the Alexandria Gazette.]

Washington, July 12.

It is evident from the passionate statement of Prince Tjyong cui Yi, given out today at The Hague, that the campaign of the Young People's Party in Korea for the restoration of the complete independence of that kingdom and its relief from Japanese control, has broken out afresh, and that an attempt will be made to transfer the storm center to the United States.

But this government's hands are tied. The President may have his own ideas about the Japanese intentions, but he has accepted Japan's "sphere of influence" as ratified in the Portsmouth treaty between Japan and Russia. The second article of that treaty reads:

"The imperial government of Russia, recognizing that Japan has predominant political, military and economic interests in Korea, agrees not to interfere or place obstacles in the way of any measure of direction, protection and supervision which the imperial government of Japan may deem proper to adopt."

If President Roosevelt took any step to loosen the Japanese hold on Korea, it would be construed as a hostile act, and mean war with Japan.

H. B. Hurlbert, who is said to be on his way to the United States for the purpose of laying the case of the Koreans before President Roosevelt, is an American missionary who is said to have obtained considerable influence with the Korean emperor during a long residence at Seoul. It will not be the first time that he has attempted to interest the American government in this matter. About 18 months ago he visited Washington, was received at the State Department, talked over the situation and then disappeared. He too, charged Japan with having taken away foreign independence and made Korea a virtual province.

Of course the Japanese deny all this, and declare that they are acting the part of Korea's friend just as the United States is doing in Cuba, and endeavoring to build up a government capable of managing its own affairs. In doing this they have naturally incurred the enmity of a part of the people, particularly of those whom they have forced out of office, and of those who had revolutionary ideas against the present emperor.

That Hurlbert will succeed in reaching President Roosevelt at Oyster Bay with his complaints, is doubted. He will probaby be directed again to the State Department, which will receive any paper he chooses to leave, and carefully deposit it in the archives.

Because Attorney General Bonaparte threatened "to do things" to Mayor Garret of Glen Echo, Md., Marshal Collins has withdrawn his resignation and says he will stand by Garrett in his fight against Bonaparte.

The friends of Cassie L. Chadwick, the famous adventuress, now confined as a federal prisoner in the State penitentiary at Columbus, O., are taking steps to secure her release on parole. An application is understood to be on the way to the Department of Justice.

It is probable that every osteopath in the District of Columbia will be prosecuted on the charge of practicing medicine without a license.

The announcement by the Interstate Commerce Commission yesterday that the rate fixed by a State railway commission had no greater potency before it, than one fixed by a railroad, has raised a storm of protest, under the impression that the opinion meant the death knell to the recent enactment of the two cent rate law. Commissioner Harland, who handed down the opinion in the Arkansas case, says that this impression is erroneous.

After eight months confinement in the United States jail awaiting trial, Mrs. Anna M. Bradley, of Utah, the slayer of former U. S. Senator Arthur Brown, of Salt Lake City, was today taken to the George Washington Hospital to undergo an operation that may confine her there several months. The woman's devotion to the memory of the man who she says ruined her and then cast her off with the two children born to them, has been one of the most marked features of her imprisonment. If the physicians in attendance upon Mrs. Bradley, will go on an oath that her health will be impaired by further confinement in jail, she will be released on bail, judging from the statement made today from the bench by Justice Wright, when her counsel applied for her released on bond.

Rear Admiral Sands, superintendent of the Naval Academy, was placed on the retired list today. He has been given leave to take an European trip. Captain Charles J. Badger, of the Bureau of Navigation, will take up his duties as superintendent, Monday.

John F. Simmers has been appointed postmaster at Linville, Rockingham county Va, vice Mr. A. J. Rhinehart resigned.

The Postmaster General today issued an order permitting postal cards to have writing on a part of the address side. This concession was granted some time ago in the matter of souvenir cards. The new order includes everything in the way of cards. The face side of postal cards may be divided by a vertical line placed approximately one-third of the distance from the left end of the card; the space to the left of the line to be used for a message, etc., the portion to the right to be used for the address only. A very thin sheet of paper may be attached if it completely adheres to the card, and such paster may bear both writing and printing. Advertisements, illustrations or writing may appear on the back of the card and on the left third of the front.

The Hague Conference.

The Hague, July 12—The opening of hostilities may immediately follow a declaration of war by one nation against another, in accordance with a decision reached by The Hague International Peace Conference today, The Dutch publication requiring an interval of 24 hours between such a declaration and the opening of hostilities was voted down in a meeting of the committee to which it was referred.

It is probable the prevailing rules of war will be changed, however, to require a declaration of war when hostilities are opened. An ultimatum cannot be considered as a declaration of war in such instances,

Japan created something of a sensation in the conference today when M. Tsudzuki, her leading delegate, came out emphatically in favor of the French proposition to require a declaration before hostilities can commence. In her recent clash with Russia, Japan began hostilities by blowing up a Russian warship without a formal declaration of war. Japan's sudden switch, therefore, was regarded as significont.

The proposition to require a 24 hour interval was defeated by a vote of 16 to 14. Five blank ballots were cast.

Probing Murder Mystery.

Worcester, Mass., July 12.—In connection with the Lake Qunsigmond murder it was learned today that six prominent Worcester men were at the Lilly Pond House on Monday night when Charles Burnap received his death wound. Frank Kelly, the Shrewsberry officer whom Mary Brennan, the Lilly Pond House waitress tried to shield from suspicion by making the false confession that she shot Burnap herself, says she knows the murderer, but won't tell. The Brennan girl is still in jail under a homicide charge, but she is only being held as a witness. Charles Whitney, man who left the Lilly Pond House with Burnap a couple of hours before Burnap body was found, tells a story that apparently satisfies the police. Worcester is trembling and wondering where the finger of scandal or crime will next point.

Lobbies Hard Hit in Georgia.

Atlanta, Ga., July 12—A drastic anti-lobbying bill was passed by the Georgia legislature yesterday by a vote of 159 to 0. Under its provisions lobbyists must register with the clerk of the House and secretary of the Senate upon employment by corporations to promote or oppose legislation, and must also file the names of employing corporations together with a description of legislation in reference to which service is to be rendered. The bill makes it unlawful for lobbyists to go upon the floor of the legislature while it is in session or to speak in private with legislators in regard to legislation. After registering, lobbyists will be permitted to appear only before committees. Violation of the law is punishable by fine and imprisonment.

News of the Day.

King Edward and Queen Alexandra attended the races at Leopardtown yesterday and were given an ovation by the Irish people.

Burnett Prestwood, 17 years old a student in the public school at Andalusia, Ala., eloped to Florida, Ala., with his teacher, Miss Mamie White, 20 years old. They were married and returned to Andalusia. The bride is a member of a prominent family of Sheffield, Ala.

At a largely attended meeting of Washington Lodge of Elks, No. 15, last night, arrangements were completed for participation in the annual convention of the national organization, which will convene in Philadelphia, Monday, to continue a week. The lodge, which will go to the convention 250 strong, will not participate in the parade because of the objection to the Marine Band leading the local antlers on account of its members being non-union men.

The appearance of the name of the English novelist, Ouida (Louise De la Ramee), on the new list of civil pensions for literary merit occasioned some surprise in London and it turns out that the pension of $750 a year granted by the government is a greatly needed benefaction. Until a couple of years ago, Mlle. De la Ramee lived at Lucca, Italy, in luxury. As a result, however, of her complete ignorance of the value of money her resources dwindled until she was reduced to a state of absolute poverty, being sometimes actually in want of food. Latterly she has been living in a milkman's squalid cottage at Massarosa, eight miles from Lucca.

BARR SEES CORTELYOU.

James K. Barr, of Norfolk, Va., who was recently elected director-general of the Jamestown Exposition Company, was in Washington yesterday for a conference with Secretary Cortelyou regarding Exposition matters, After going over Mr. Barr's plans for the future management of the Exposition the Secretary expressed himself as satisfied that the enterprise will be carried to a successful conclusion. He has assured Mr. Barr of his hearty co-operation in the plan outlined and this co-operation will be continued in every direction which may be of service. Mr. Barr reports all of the exhibit buildings completed and in running order, 91 per cent, of the exhibits being installed. The government buildings and the various State buildings are fully completed and the "Warpath" is in full operation.

Alleged Japanese Spy.

San Diego, Cal., July 12.—Much apprehension is felt here from the fear that the Japanese spy arrested at Fort Rosecrans while sketching the fortifications, was only one of many spies engaged in a systematic effort to obtain careful plans of all the strongholds on the Pacific slope.

The feeling is such that all Japanese are beginning to be looked upon with suspicion, and the suggestion that other spies may be in this city has led to such conditions that a clash with serions results is feared.

The Japanese caught is being held prisoner until instructions are received from the War Department. He was sketching the emplacements of four ten-inch guns when he was seen by a private soldier. When captured it was found that he had many plans and photographs of the fortifications. The impression prevails that he had the active co-operation of Japanese employed about the fort. Major Catchell, who is in command, refuses all information and will not even tell the prisoner's name.

Policeman Killed by Thieves.

Pittsburg, July 12—Attacked early today by two thieves they had caught in the act of breaking into the Bessemer and Lake Erie station at East Pittsburg, Policeman Thomas Sullivan was shot dead and Policeman John O'Brien was struck by two bullets. He is now unconscious at the hospital and his condition is extremely serious. Before losing consciousness O'Brien said that the murderer were white men and gave a brief description of them. A man who gives the name of Albert Keiffer is under arrest as a suspect. He says his home is in Hagerstown, Md.

Members of Trusts Sentenced.

Toledo, O., July 12.—The bridge trust men, Hammond and Cleveland, today were sentenced by Judge Morris in the Circuit Court to six months' imprisonment. Members of the lumber trust, fourteen in number, including all the prominent local lumber dealers, were given the same sentence. Members of the Toledo Brick Supply Company, who pleaded guilty to pooling under the Valentine law, were fined $1,000 and costs each. The section of the law under which they pleaded provided that no prison sentence shall be imposed.

Officers and Sailors Honored.

Brest, France, July 12.—Officers and sailors from the United States battleships Tennessee and Washington were the recipients of a great demonstration of honor at the hands of citizens of Brest today. The officers paid their respects in the maratime prefect and other city officials. Great crowds gathered in front of the offices whilet the Americans were inside and cheered them loudly. An immense crowd followed the visitors back to the ships, cheering all the way. Sailors from the visiting warships were likewise lustily cheered wherever they appeared.

Indicted.

Lexington, Ky., July 12.—Joe Fitzpatrick, who walked into the court at Preston last week and shot his enemy, Andy Coburn, while the latter was listening to the argument of a former congressman who was defending him on a murder charge, was indicted for Coburn's murder by the grand jury today. Four other Fitzpatricks who are charged with having been connected with several murders, during a feud were also indicted. The Fitzpatricks are at their homes in the mountains, and no officer has yet ventured to effect their arrest.

Bad Burn Quickly Healed.

"I am so delighted with what Chamberlain's Salve has done for me that I feel bound to write and tell you so," says Mrs. Robert Mytton, 457 John St., Hamilton, Ontario. "My little daughter had a burn on her knee. I applied Chamberlain's Salve and it healed beautifully." This salve allays the pain of a burn almost instantly. It is for sale by W. F. Creighton & Co. and Gibson & Timberman.

Judge Alton B. Parker, in an address before the North Carolina Bar Association, yesterday declared Roosevelt, backed by the corporations, was interpreting the constitution to suit their purposes.

Virginia News.

Cards are out announcing the engagement of Miss Mary Lynn Ball, daughter of Mr. and Mrs. J. L. Ball, of Hamilton, Loudoun county, to Oscar Steven Braden, of Paeonian Springs, son of Oscar Braden, of that place. The marriage will take place at St. Paul's Church, Hamilton, on Wednesday morning, July 31.

Miss Lucy Johnson Pattie and William R. Hickman were married at Warrenton yesterday. The bride is the daughter of Mr. and Mrs. Thomas E. Pattie. The ceremony was performed by Rev. Mr. Keene, of the Methodist church. Only intimate friends were present. Mr. and Mrs. Hickman will live in Baltimore.

Messrs. Davis & Davis, Washington patent attorneys, report the grant, this week, to citizens of this State, of the following patents: Jacob L. Bergrall, of Newport News, portable house; Henry Lawrence, of Richmond, washing machine; Frank P. Repass, of Miriam, combination office article; Frank W. Woods, of Newport News, telephone switchboard; Paul S. Butterworth, of Richmond, design for a pendant or watch charm.

During a battle between the Roberts and Allen factions at a Baptist meeting at Lanesville, Floyd county Ky., Wednesday night, Lawrence Roberts was killed and James Roberts and Jake Allen seriously wounded. While the battle was at its height Deputy Sheriff Henry Clark, said to be a friend of the Allen faction, stepped in and engaged in the battle, and it is said he was the one who inflicted the death wound on Lawrence Roberts.

At the regular meeting of the local board of directors of the Eastern State hospital, at Williamsburg, the following physicians and officers were re-elected for a term of four years from July 1: First assistant physician, Dr. Charles Conrad; second assistant physician, Dr. Irene Bullard; steward, Archie Brooks; clerk, John L. Mercer; chief engineer, John Clark. Mr. Mercer has been clerk of the hospital twenty-five years, and Mr. Brooks has entered upon his third consecutive term as steward.

A committee representing the two branches of the Lynchburg council, with a representative of the board of trade, will shortly visit Washington and Norfolk to study conditions in those cities as administered by commissions. The object is to secure the necessary information upon which to base an amendment to the charter to place the executive affairs of Lynchburg in the hands of a commission of three professional men, instead of under the control of a city council. It is believed that the next legislature will be asked for such an amendment.

Ex-State Senator Don Halsey, of Lynchburg, a nephew of Senator Daniel, was nominated yesterday by the democratic primary in the Senatorial district composed of the city of Lynchburg and the county of Campbell, over State Senator A. F. Thomas, for the assembly, by a majority of about 165 votes. The result is an indorsement of Senator Daniel, as this issue and the question of rotation in office were the only things before the people. It will be recalled that Senator Thomas came out last winter against the reelection of Maj. Daniel at the expiration of his present term, and there is no doubt that this cost him the renomination.

ONLY A LOCAL SQUALL.

Viscount Aoki, the Japanese ambassador, who was in New York yesterday to attend a reception in honor of Admiral Yamamoto, issued, through his secretary, a reassertion of his previous declaration that there is no "Japanese-American situation," and that all talk of trouble between the two nations is a phantom creation of irresponsible trouble makers and trouble-hunters. If there by any cause for anxiety, he said, it is due to the influence of unwarranted press talk "that often tends to drive even the calmest temper of the public into a whirl of tempestuous rage."

The expressions of peace and good will between Japan and the United States, which have so far characterized the visit of Admiral Baron Yamamoto, former minister of war of Japan, were continued at the luncheon given to him by the Japan society at the Hotel Astor The speakers, including Rear Admiral Coghlan, Ambassador Aoki and Thomas J. O'Brien, the newly appointed ambassador to Japan, heartily indorsed the object of the society in promoting friendship between the two countries.

Yamamoto says present conditions are the result of a local squall, and in no way indicate the true state of the weather. The Japanese Admiral predicts clear skies. He says we are close neighbors. "Commercial and other interests of the United States and Japan are so intimately interwoven and the cordial relations of so firm a nature," declares Yamamoto, "that they will never be destroyed by mere trifling incidents." Americans, he says, are the leaders in the civilization of the world.

A dispatch from Seonal says that the massing of the American fleet in the Pacific, about which the American papers have applied to Marquis Ito for an opinion, was semi-officially discussed by Ito's administration organ yesterday. The paper says:

"We cannot help feeling some misgiving with regard to the significance of the intended massing of American battleships in the Pacific, especially in view of the grandiose announcement attributed to President Roosevelt to the effect that the navy would furnish the world with a startling demonstration of American defensive capacity. It is difficult for us to accept the assurance that the coming maneuvers do not possess any connection whatever with the Japanese-American situation. We regret that Washington thinks it necessary to take what resembles a precautionary measure.

"However, we are not disposed to attach serious importance to this matter and have no inclination to doubt the President's sincerity in assuring us of the peaceful nature of the proposed naval maneuvers. Neither have we the slightest doubt of the pacific and friendly sentiments of the American government. The people toward whom Japan's blame is probably due are the irresponsible sections of both nations."

Ito declines discussion regarding the sensational agitation of the press. His sole comment on the probability of war is: "There is no feeling in my heart for this."

Today's Telegraphic News.

The Bowie Trial.

La Plata, Md., July 12.—Much bitterness has arisen between Hugh Posey, father of Hubert Posey, for whose death Mrs. Mary E. Bowie and her son Henry are on trial here. State's Attorney Wilmer says that trouble is expected. Posey says the prosecution has not made the proper efforts to punish the slayers of his son. He demands to know why much evidence tending to strengthen the State's case was not introduced. It is even charged openly that several of the jurors said before the trial that Mrs. Bowie and her son did right when they killed the man who betrayed Priscilla Bowie and refused to marry her; that they would have done it themselves under similar circumstances.

Hugh Posey confronted State's Attorney Wilmer today and demanded to know why jurors had been chosen who had announced that they thought the defendants did right; he also demanded to know why certain evidence was not presented. The only reply of the States Attorney was: "I am doing what I think is best for the county." This was all the explanation Posey got, and he was practically informed that he would have to be satisfied with that. He was far from satisfied, however, and there were ominous mutterings about the little town today. Fear of violence was expressed, but the officials believe they can control the situation. The dissatisfaction of Posey is entirely laid to his ignorance.

When court convened today Congressman Sydney E. Mudd began his argument for the defense with the direct statement: "We place the defense in this case upon what we call the "unwritten law."

It had been known all along that this would be the defense, but it was thought that some legal twists would be used to put a more formal front upon the arguments.

Then came this assertion:

"The widowed protector of a defenseless family was justified in committing this act."

As Mudd concluded there was a stir about the court room, but the judge called for order and the officers prevented any demonstration.

Attorney Wilmer then spoke for the prosecution. He depended mainly upon a strong plea for the defense of the young men of Charles county.

The pathetic love tragedy of Priscilla Bowie, who appeared in court today with her fatherless baby in her arms, to be present at the closing scenes of the trial of her mother and brother for killing Hubert Posey, who woed and betrayed her, is reflected in the affectionate letters she received from him.

Extracts from the notes follow:

"I never did love but one girl in my life and that one is you."

"If you will be true to me, sweetheart I will be true to you. I will forsake all other girls for you."

"I dream of you by night; I think of you all day long."

"I would be happy as the angels in Heaven, sweetheart, if you were only here tonight."

"You know I love you better than I ever loved any girl, and you know I will never forsake you."

"Last Sunday I stayed at home and read your sweet letters and looked at your dear picture."

"I don't want to go anywhere unless you are by my side."

"It seems a year since I saw you, but in reality it is but a few hours."

"I can never tell how much I love you."

"Oh, if I could only kiss you tonight."

VERDICT OE ACQUITTAL.

La Plata, Md., July 12.—The jury in the case of Mrs. Mary Bowie charged with her son, of killing Hubert Posey, who betrayed Miss Priscilla Bowie, returned a verdict of acquittal this afternoon after being out five minutes.

The reading of the verdict by the court clerk was greeted with cheers from all parts of the packed court room, save in one corner where a small coterie of friends of the elder Posey, father of the slain man, had congregated. Efforts of the court bailiff to stop the demonstration failed and the court room was cleared.

Japan Attacked by Korean Prince.

The Hague, July 12 "Highwaymen," "barbarians," "murderers" are the mildest terms Prince Tjyong Oui Yi, of Korea, has for the Japanese at the Hague conference when asking the powers to save his country from the Makado's oppression. "Japan is trying to steal Korea as barefacedly as ever highwaymen robbed a stage coach," he told the Publisher's Press representative today, discussing for the Korean people and his relative, the emperor. After inveighing against Japan for the manner in which that country is subduing Korea the prince said: "While Japan is complaining of treatment accorded its citizens in California, it is subjecting Koreans to far worse indignities than in the Mikado's land. Korean students seeking educational advantages in Japan are not allowed to attend the regular schools, but special institutions where the facilities are of the poorest. In this particular the Korean's position in Japan is not a whit better than that of the Japanese in California. But these humiliations are nothing compared to those heaped on the Koreans at home. Ignorant, barbarous immigrants from Japan are invading the country likes locusts and behaving as if they owned it. Every village has its tale of cattle stealing, house-breaking and the outrage of defenseless women by the Japanese. The Japanese authorities in Korea never act against Japanese malefactors and there is no redress for the wrongs the people suffer.

Late this afternoon Tjyong Oui Yi announced that the Korean delegation has changed its plans and the entire party will sail for New York on July 17 on the Oceanic. The prince said his emperor has appointed former Premier Tji Sang Sul of Korea as a special envoy to the United States to explain Japan's oppression of Koreans to the American people.

Col. Spencer C. Jones, of Montgomery county, yesterday announced his withdrawal as a candidate for the democratic nomination for governor of Maryland to succeed Gov. Warfield.

Still After Ryan.

New York, July 12.—Thomas F. Ryan's legal department, already burdened with the federal attack upon his tobacco trust, received an extra load today in the form of a suit by Attorney Jackson.

Justice Platzek, of the Supreme Court, signed an order directing the traction combination to show cause on July 19 why action should not be instituted to annul its charter on the ground that the corporation is an illegal monopoly. Attorney General Jackson feels confident that his action will be successful in view of the recent decision of Judge Holt that the big traction combination was an illegal monopoly.

Jackson points out that by the combination of the elevated, surface and subway lines, competing lines were placed under the same control and alleges that Ryan and Belmont entered into an "unlawful combination and conspiracy" intending unlawfully to prevent competition. The Ryan-Belmont combine controls and operates all the traction lines in the boroughs of Manhattan and and the Bronx.

Bootblack Comes in for $40,000.

Pottstown, Pa., July 12.—From bootblack to be the possessor of $40,000 in a day is the good fortune that has befallen J. Albert Hinnershitz, a Pottstown shoeshiner. The young man is one of seven joint heirs to a fortune of $345,000, left by his uncle, William R. Hinnershitz, of Reading, whose death occurred several days ago. The will was read yesterday and Hinnershitz returned to Pottstown wearing a handsome diamond stud and a fine gold watch, which has been bequeathed to him. He has been conducting a stand at the Shuler house for some months, and was on duty today as usual and doing a rushing business, for every one liked to have the novelty of having their shoes shined by a $40,000 bootblack and to question him about his good fortune and his future.

The Haywood Trial.

Boise, July 12.—Wm. D. Haywood continued his testimony today in his own behalf. Both sides are threatening perjury proceedings and both maintain that much matter altogether new will be brought in rebuttal. Rebuttal is expected to begin Monday. In all about forty witnesses have been summoned for the rebuttal. "Never in my life did I pay Harry Orchard or anyone else to kill Governor Steunenberg or commit any crime against anyone. I knew Orchard simply as a fellow member of the federation who, when driven out of Cripple Creek district, came to headquarters at intervals. His story connecting me with his alleged crimes are false in every particular," said Haywood.

Texas Mayor Must Stay on Water Wagon.

Marshall, Texas, July 12.—Mayor Dan Heyn, of Marshall, is to be mayor only so long as he stays on the water wagon. This agreement is the result of impeachment proceedings which were brought against him following his arrest on a drunkenness charge. His trial was set yesterday, but a continuance was taken until today, when the case was compromised.

Mayor Heyn filed with the city secretary an undated resignation, which is to become effective when he takes another drink of the intoxicants. In consideration of this all proceedings were stopped. The impeachment proceedings were to come up tonight at a meeting of the City Council.

Stork Good to This Family.

Louisville, July 12.—To be made a grandfather three times in but a little more than that number of hours, a record believed to be without an equal, is the unusual experience of Captain J. E. Ryan, of Jeffersonville, connected with the army depot at St. Louis, but now spending his vacation with his family here. Captain Ryan stated yesterday that, to express it mildly, he was simply "paralyzed." The proud fathers are his three sons—John G. Ryan, who is in buisness at Jeffersonville; Thomas F. Ryan, who is connected with the army depot at Jefferson, and William D. Ryan, a barber at Louisville. The children of John and William Ryan are boys, and that of Thomas Ryan a girl.

Charge Against Clothier.

Lowell, Mass., July 12.—Because the Salvation Army's new industrial home injured his second hand clothing business, Solomon Robitschick, it is charged, wrote 15 verses of doggerel verse attacking the army. He is under arrest in Boston today accused of attempting to blackmail the army's national organization by threats to circulate the song broadcast if he did not receive $30,000. The technical charge against Robitschick and his lawyer, Bennet Silverbat, is "using the mails in a scheme to defraud" The postoffice department is conducting the prosecution. The federal authorities are looking for a young woman said to have acted as a go-between in the alleged negotiations.

Attempted Suicide.

Quarantine, N. Y., July 12.—Captain Jach, of the Hamburg-American West Indian steamer Virginia, which arrived this morning, reports on July 9, at 9 a. m. a fireman named Ebak, while suffering from the effects of the heat in the stoke hole, jumped overboard. The ship was at once turned around and a boat lowered and the man picked up and taken an board. Inside of 11 minutes the steamer proceeded on her course.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

The President's Visitors.

Oyster Bay, N. Y., July 12.—President Roosevelt is entertaining a distinguised company at luncheon today. Admiral Baron Yamamoto, Viscount Aoki, the Japanese ambassador; Motoki Kondo, the Mikado's inspector of naval construction; Congressman Herbert Parsons, Assistant Secretary of State Robert Bacon, and Mr. E. G. Morgan. Although no official report of the meeting between the President and the eminent Japanese was given ont for publication, it is said they exchanged the warmest greetings, and each expressed the hope and belief that the relations of amity existing between the two countries would be continued for generations to come.

The New York Stock Market.

New York, July 12.—The stock market showed moderate improvement during the first hour's trading and nearly everything on the list made some gain in that period. The supply of stocks was small. Amalgamated was strong. Interests concerned in the copper trade regarded the metal situations far better than was understood when some slight reductions were made in selling prices by outside producers. There was very little commission business.

EXCITEMENT AT FIRE.

While thousands of excited people on the East Side of New York stood below, screaming their horror in a dozen tongues, there was desperate work for 20 plucky firemen yesterday afternoon, when a panic started in a tenement at the corner of Broome and Ludlow streets. One child was flung by its frantic mother into a rubber blanket that had been stretched below. Another child jumped and did not receive a bruise. Over a dozen frantic women and children were taken off the fire escapes, where they clustered like hiving bees. The child that was flung headlong through the air would have been saved had the mother waited another instant, but it is now dying with a fractured skull. The house where the fire started stands in the very heart of the most closely inhabited quarter in the world. It is six stories high, standing a full 30 feet above the roof of the teeming buildings that flank it. On the top floor, upon the Ludlow street side lives Morris Graifman, a tailor, and his family. Here the blaze started from an exploding oil lamp, it is believed.

SOLDIERS UPHELD.

As stated yesterday Brig. Gen. C. C. Vaughan, jr., of the State military organization, has forwarded to Governor Swanson, through the usual channels, the report of the investigation of the Pine Beach incident, when Lieutenant Demaine of Alexandria and several enlisted men were put under arrest by the "Powhatan Guards." The investigation was conducted by Thomas W. Shelton, judge-advocate, and is a voluminous affair. The evidence taken in the case is submitted in full.

The governor yesterday ordered copies of the report to be made and forwarded them to Judge W. N. Portlock and Commonwealth's Attorney R. C Marshall, with request for thorough inquiry into the matter.

General Vaughan, in his endorsement of the report of the judge-advocate, has this to say, among other things:

"I recommend that steps be taken to bring to justice the policemen who committed the assault on Sergeant Koiner."

After commending the soldiers for their coolness and discipline in the farce of coarse and insulting language, General Vaughan said.

"It is quite apparent that the time is at hand when the uniform of Virginia militiamen shall be respected, if not honored, and certainly shall not be an invitation for the assault of special constables. The self-control of Lieutenant Demaine and his soldierly conduct deserve special mention."

Governor Swanson sent the following letter to the commonwealth's attorney for Norfolk county:

Governor's Office,
Richmond, Va., July 11, 1907.

Captain R. C. Marshall, Commonwealth's Attorney, Portsmouth, Va.:

My Dear Captain,—I send you by express the report that has been made to me by the officers of the Virginia volunteers in reference to the arrest and assault made upon some officers and soldiers of the the volunteers at Pine Beach during the recent encampment at the Jamestown exposition. I also enclose you stenographic report of the evidence taken before the justice of the peace who had these cases up for consideration. A careful perusal of this report and evidence convinced me that the conduct of the county officials in the matter was very reprehensible and that they should be punished and removed from office. I send this report to you by express with the request that you take this matter up as prosecuting attorney of Norfolk county, investigate it fully and punish those officials.

If upon investigation you are satisfied that they were guilty of violation of the law and misconduct it seems to me they should certainly be removed, as they were permitting violations of the law far exceeding any alleged offense committed by the soldiers. I hope you will give this matter your immediate attention and best efforts. With assurance of regard and esteem, I am,

Very truly yours,
CLAUDE A. SWANSON
Governor of Virginia.

The governor wrote the judge of the county as follows:

July 11, 1907.

Judge William N. Portlock, Norfolk, Va.:

My Dear Judge.—I have sent to Hon. R. C. Marshall, commonwealth's attorney of Norfolk county, the report sent me by officers of the Virginia volunteers and a stenographic report of the occurrence at Pine Beach between some of the officials of Norfolk county and members of the Virginia volunteers. I would appreciate it very much indeed if you will have this matter investigated. I send you copy of the letter I have written the commonwealth's attorney. I hope to have the pleasure of seeing you personally before very long. With assurance of regard and esteem, I am,

Very truly yours,
CLAUDE A. SWANSON.
Governor of Virginia.

CONDEMNATORY RESOLUTIONS.

Resolutions condemnatory of the administration of the Washington, Arlington and Falls Church Railway were adopted at a meeting of a committee on railroads of the Civic Federation of Alexandria county at the residence of Dr. W. T. Willburn, Ballston, last night. The absence of a proper signalling system, the use of antiquated cars, and the general service given to the patrons of the road were criticised, and the State corporation commission will be asked to take the proper action for remedying these conditions. R. C. L. Moncure, the attorney who conducted the people's case at the inquiry into the recent accident on this road, was appointed a committee of one to present the protests to the commission at Richmond. Addresses were made by several residents of the county.

DEATH OF MR. JOHN M. SPRINGMANN.

Mr. John M. Springmann died at his home near Vale on Saturday last and was buried in the Fairfax Cemetery on Monday. He was about 70 years old. Mr. Springmann was a native of Germany but came to this country in early life. He served gallantly in the Confederate army, and received several severe wounds. He was a member of Capt. M. D. Ball's company, which was captured when Alexandria was evacuated in 1861. Subsequently he served in the Eighth Virginia infantry, and, later, was transferred to the cavalry again. He was an honest, upright man, and an admirable citizen. He is survived by his widow. —[Fairfax Herald.

BASEBALL.

The Alexandria Athletic Association baseball team will go to Rockville, Md., tomorrow evening to play ball. The team will leave here at one o'clock. Alexandria's team will be as follows: Kraft, catcher; Donaldson, pitcher; Clements, first base; Conway, second base; Benzette, short stop; Pitts, third base; Wilkerson, left field; Gray, center field; Lucas, right field. Next Saturday these two teams meet on the old fair grounds in this city, and a good game is promised all who attend.

CORNERSTONE LAYING.

The laying of the corner stone of the Young People's Building, the George R. Hill Memorial, of the Methodist Episcopal Church South will take place this evening at 5 o'clock sharp.

The following will be the order of exercises:

Laying of corner stone, according to the ancient usages of Freemasonry, by Andrew Jackson Lodge, No. 120, A. F. and A. M.

Prayer by Rev. E. V. Regester, Presiding Elder of Washington District.

Forewords, by Rev. Charles D. Bulla, Pastor of Washington Street M. E. Church South.

Address by his excellency, Claude A. Swanson, Governor of Virginia.

The inception of this building and the crystalization into the purpose of erecting the same has from time to time been published in the Gazette.

The lot adjoining the church was purchased some time ago for $4,250 and the action of the church was subsequently confirmed by the quarterly conference.

Since that time the preliminary work in connection with the proposed building has been pushed vigorously. The contract for the erection of the structure was awarded to Mr. Jos. F. Rodgers on May 17. The first shoveful of earth was removed on May 22 and the first brick laid June 6. The corner stone will be laid shortly after 5 o'clock.

A design of the building which had been prepared by Mr. W. Leon Clark was the one adopted.

The structure will be in every way adopted for the purposes for which it is intended. There will be a kindergarten boys' room, reading rooms, entertainment hall, parlor, cloak room and kitchen. The total cost of the building will be $22,000

The name of the hall (the George R. Hill Memorial) is acknowledged by all to be especially appropriate. Mr. Hill was identified with all the interests of the M. E. Church South throughout his lifetime, giving liberally of his means to its support and commending the Christian profession by his business integrity and private life of many virtues. He had a distinct concern for and took a special interest in the religious well-being of young people, and was one of the most prominent and generally esteemed of our citizens.

FINED TWENTY DOLLARS.

G. H. McDonald, a middle-aged man, and Laura Richards, a thirteen-year-old girl, were taken in custody about two o'clock this morning. They were occupying the same room, and when the officers appeared the girl attempted to escape. The couple were brought before the Police Court this morning. McDonald said he was from Rockingham county. He was fined $20, and the girl was held. The case caused about twenty young men to appear without the bar as spectators of the investigation, but before any evidence had been taken Justice Caton looked around and observed that the audience seemed to be of an idle nature. He directed all to retire and seek employment. After the room had been cleared the case proceeded.

After the trial some of the young men who had been excluded from the court room called at the office of Justice Caton and demanded an explanation. After a short parley Justice Caton brought the interview to an end by leaving his office and proceeding up the street on business.

MR. CARLIN AT JAMESTOWN.

Hon. C. C. Carlin, the candidate for Congress from the pivotal Eighth District, who won a victory in the recent primary, paid, with his wife, a visit to the Jamestown Exposition grounds on Tuesday, meeting a number of friends at that unique woman's hostelry, the U. D. C. building. A party was made up at once for an automobile ride around the grounds. Mr. Carlin is a capable man, both in practical and social matters. He traces his ancestry to Pennsylvania lines, being of the same descent in that State as President James Buchanan and on the mother side from Pocahontas. —[Norfolk League.

NOT DEAD.

A telegram was received in this city last night correcting the report that T. Florence McCarthy, who died near Lynchburg, last Tuesday from the effects of heat, was a former resident of this city. When Mrs. McCarthy who now lives in Fredericksburg, saw the dispatch announcing the death of a man named Florence McCarthy, she at once telegraphed to his address in Pittsburg and soon learned that a mistake has been made and that the unfortuuate man was not her husband. Mr. McCarthy, it is said, is well at Pittsburg, where he had gone on business for the firm of railroad contractors by whom he is employed.

STRUCK WITH A BOTTLE.

A quarrel took place about 10 o'clock last night between Martha Hughes and Mattie Jackson, both colored, during which the former struck the Jackson woman on the head with a beer bottle, the trouble occurred on Prince street, between Washington and Columbus. Officers Roberts repaired to the scene, but too late to capture the assailant, who had in the meantime boarded a train for Washington. The two women had just returned from an excursion to Glymont and the trouble is believed to have been caused by jealously, The Jackson woman's injuries are not serious.

LAWN SOCIAL.

The social last night on the lawn adjoining the residence of Mr. G. B. Kennedy, 323 S. Fairfax street, was a decided success, and all who attended enjoyed themselves. From 6 to 7:30 the children blew soap bubbles. From 8 to 11 o'clock the older people assembled and participated in the festivities. The proceeds were devoted to the building fund of the Second Presbyterian Sunday school.

ELECTED SECRETARY.

At a regular meeting of Alexandria-Washington Lodge of Masons held last night Mr. A. G. Uhler was elected secretary to fill the vacancy caused by the death of Mr. James S. Douglas, who had filled the position for forty-two years. Mr. Uhler has been acting secretary of the lodge since the illness and death of Mr. Douglas.

CANNED VEGETABLES for soup, just received by J. C. MILBURN.

PERSONAL.

Mrs. Ruth Stuart and daughter, Miss Roberts, formerly of Alexandria, but more recently from Bermuda, are among the summer guests here. They are stopping with Mrs. Miles.—[Fairfax Herald.

Mr. Garbutt Pulman, of this city, who has been employed in Fredericksburg, returned to his home corner Queen and Pitt streets, Wednesday, where he is quite sick.

The family of Mr. Charles Lowenbach have returned from Leesburg to this city.

Governor Swanson, who arrived here this evening to deliver an address at the laying of the cornerstone of the George R. Hill memorial building, was entertained at luncheon at 4 o'clock by Mrs. M. A. Wood, at her residence, 617 south Washington street The structure is named in honor of Mrs. Wood's son-in-law, the late George R. Hill.

The many friends of Mr. Wappelo Summers will regret to learn that he has been paralyzed. Mr. Summers is now in Tampa, Florida.

Officers Henderson and Ball have returned from the Jamestown Exposition.

Judge Barley is in Bath county on business.

Mr. Edward L. Daingerfield with his family left today for New York, whence he will sail tomorrow for Europe to spend the summer.

Miss Constance Boush and little Miss Collins Jones have gone to Haddonfield, N. J., to spend a part of the summer.

Master Earl Grillbortzer and sisters, Lilly and Katherine, have gone to Belvoir Farm to stay until September first with their aunt, Mrs. E. B. Talbot.

Mr. and Mrs. W. I. Whitson left here last night for Pittsburg, Pa., where for the next two or three weeks they will be the guests of Mrs. Whitson's sister, Mrs. Elizabeth Hampson. Mr. Charles Hampson, who has been on a pleasant visit to Mr. and Mrs. Whitson, in this city, returned with them to his home in Pittsburg.

WASHINGTON STREET IMPROVEMENT.

In May last the City Council passed an ordinance providing for the grading and curbing of Washington street from Queen to Wythe and appropriated the sum of $14,000 therefor.

According to the plans there will be seven feet of vitrified brick on either side, with granite curbing on a concrete base. The center of the street will be of macadam. The ordinance provided also that the work should not be commenced until an amount equal to $2 per front foot of paving had been voluntarily deposited by the property owners with the City Treasurer for defraying a portion of the expense. The property owners having complied with this provision of the ordinance City Engineer Dunn in conjunction with the committee on streets yesterday put a force of men at work improving that part of Washington street, commencing at the intersection of Queen. The work will be pushed to rapid completion and when finished will add greatly to the appearance of that section of the city.

POLICE COURT.

[Justice H. B. Caton presiding.]

The following cases were disposed of this morning:

Lewis Sykes, charged with disorderly conduct, forfeited his collateral by failing to appear.

John Hughes, charged with a similar offense, was fined $5.

G. H. McDonald, charged with indecent conduct, was fined $20.

Laura Richards, also charged with indecent conduct, was held.

TRADES COUNCIL.

A meeting of the Alexandria Trades Council was held last night for the purpose of further considering the relations between the management of the Washington, Alexandria and Mount Vernon Railway and a union composed of a number of their employees. Those present at the meeting, while refusing to say what course was adopted, implied that the action taken, before becoming operative, will be submitted to the Central Labor Union in Washington.

OCTOGENARIAN LOVER.

David Pike, 85 years old, and feeble, was taken to Harlem Hospital yesterday to have his sanity investigated after Mrs. Aindt had reported to the police that the old man was annoying her by his lovelike attention. Mr. Pike was formerly a wine and liquor merchant. He has not been engaged in active business in years. Recently the old man lived with a married daughter in Yonkers. Then he changed his residence and went to board at Mrs. Aindt's home. Mrs. Aindt says that Mr. Pike began to annoy her greatly Wednesday. He imagined she was his wife and his lovemaking was most ardent. Mrs. Aindt repulse him and she says he threatened her with a pair of shears. When the police came they took the old man to a station house. Later Dr. Ross advised that Mr. Pike be taken to the Harlem Hospital until his sanity could be decided on.

Many people living in the extreme southwestern portion of the city are subjected to considerable inconvenience by the unsatisfactory condition of the pump at Franklin and Washington streets. It is out of order and has for some time needed attention.

Must Sell the Philippines.

Victoria, B. C., July 12.—In an interview here yesterday Rev. Father Sherman, son of the distinguished American soldier, General William T. Sherman, gave as his opinion that the United States must sell the Philippine Islands to either England or Japan if war with the latter is to be avoided. If this be not done, he said, the war will come even sooner than many persons think possible.

Will Against Will.

A certain prosy professor of physics is so great a misanthrope that he deliberately announces his lectures for the days when he has reason to think that his students will least want to attend. He commanded their presence on an election day once and drove them nearly wild by delivering a tedious essay on will power.

"If he wills it, a man may accomplish anything," he droned. "Let him make up his mind not to die, and he will live in spite of disease; let him decide that life is not worth living, and he will drop peacefully out of it. I challenge any student to cite an instance in which the power of the will has not triumphed over everything."

Up shot the reprobate of the class, a youth beloved by all his companions for his daring humor.

"Sir, I accept your challenge. You are wrong," he said.

"Pray mention an example," retorted the professor dryly.

"With pleasure, sir. An hour ago I willed that this lecture should be brought to a speedy conclusion. I've willed the same thing sixty times since, but up to now it hasn't come off."

"Nor will it," said the professor, "for I have not only willed that this lecture should last another hour, but am perfectly willing that it should do so." And it did.

It Varied.

The late Judge Saunders of North Carolina was noted as an angler, but he had a poor memory as to the weight of the fish he had taken. On one occasion a friend, trying to entrap him, said, "Say, judge, what was the weight of that big catfish you caught the other day?"

The judge turned to his waiter and said, "Bob, what did I say that catfish weighed?"

"What time yesterday, boss—in de mawnin', at dinner or after suppah?"

The Moon.

Astronomers long since came to the conclusion that the moon's surface is very hot during the height of the lunar day, which, as will be remembered, lasts two weeks, and very cold during the lunar night, which is equally long. These extremes of temperature reach their height at the lunar noon and midnight and are greater than any natural temperatures on the earth.

The Golfer.

Bertie (to caddie, searching for lost ball)—What are you looking there for? Why, I must have driven it fifty yards farther! Diplomatic Caddie—But sometimes they hit a stone, sir, and bounce back a terrible distance.

Willing to See.

Mrs. Enpeck—The philosophers tell us that blessings often come to us in disguise. Mr. Enpeck (with a sudden show of spirit)—Maria, when are you going to unmask?

The Pale.

Little Margie (reading)—What is the "pale of civilization," Tommy? Small Tommy—Oh, some new brand of face powder, I suppose.

The root of all discontent is self love.—Clarke.

Why He Quit.

"For the drunkard and the glutton shall come to poverty." "I figured out years ago," said a prosperous farmer, "that with very moderate drinking I'd drink an acre of good land every year. So I quit."—Central Christian Advocate.

A Strong Man.

Daughter—Wasn't Julius Caesar one of the strongest men that ever lived, pa? Father—What makes you ask that question, my little girl? Daughter—I was just reading that he threw a bridge over the Rhine.

Belated Testimonials.

If the testimonials of love and faith on our tombstones were uttered in our daily life, how often would they have helped us over the briery fields and rocky roads of existence!—Baltimore American.

Speaking of signs, when you wake up and find a burglar in the house it is a sign that unexpected company has arrived.—Pittsburg Gazette Times.

Wise Counsel from the South.

"I want to give some valuable advice to those who suffer with lame back and kidney trouble," says J. K. Blankenship, of Beck, Tenn. "I have proved to an absolute certainty that Electric Bitters will positively cure this distressing condition. The first bottle gave me great relief and after taking a few more bottles I was completely cured; so completely that it becomes a pleasure to recommend this great remedy." Sold under guarantee at E. S. Leadbeater & Son's drug store.

Best Medicine in the World for Colic and Diarrhoea.

"I find Chamberlain's Colic, Cholera and Diarrhoea Remedy to be the best remedy in the world," says Mr. C. L. Carter of Skirum, Ala. "I am subject to colic and diarrhoea. Last spring it seemed as though I would die, and I think I would if I hadn't taken Chamberlain's Colic, Cholera and Diarrhoea Remedy. I haven't been troubled with it since until this week, when I had a severe attack and took half a bottle of the twenty-five cent size Chamberlain's Colic, Cholera and Diarrhoea Remedy, and this morning I feel like a new man." For sale by W. F. Creighton & Co., and Gibson and Timberman.
